ANALYSING: SYSTEM THINKING (16TH OF JULY 2021)

- Common understanding of the flagship
- Exchange of good practice on how to deal with flagship in the OP.
- Identification of best suitable SOs per flagship (synthesis table)

PLANNING: STRATEGIC THINKING (1ST OCTOBER 2021)

- Mapping ETC actions related to the flagships;
- Identification of nodes of complementarities between ETC programmes

IMAGINING: CREATIVE THINKING (19 NOVEMBER 2021)

Going from complementarities to synergies:

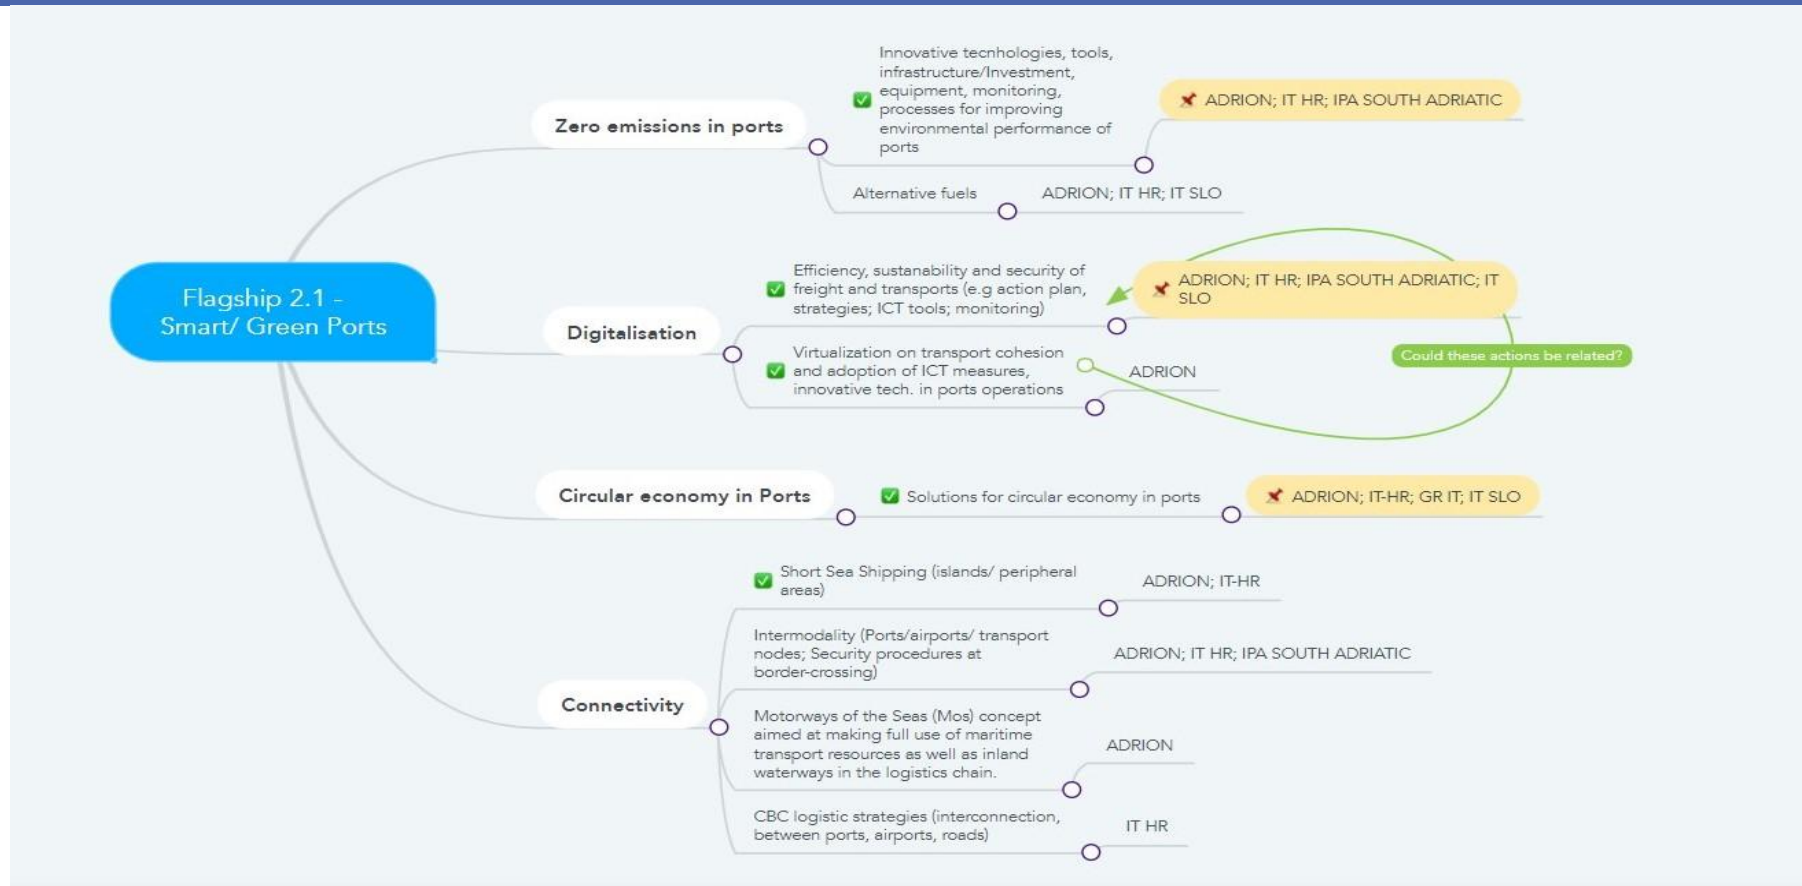

- Agreement on “pilot chain of projects” per flagships
- Agreement on a road map

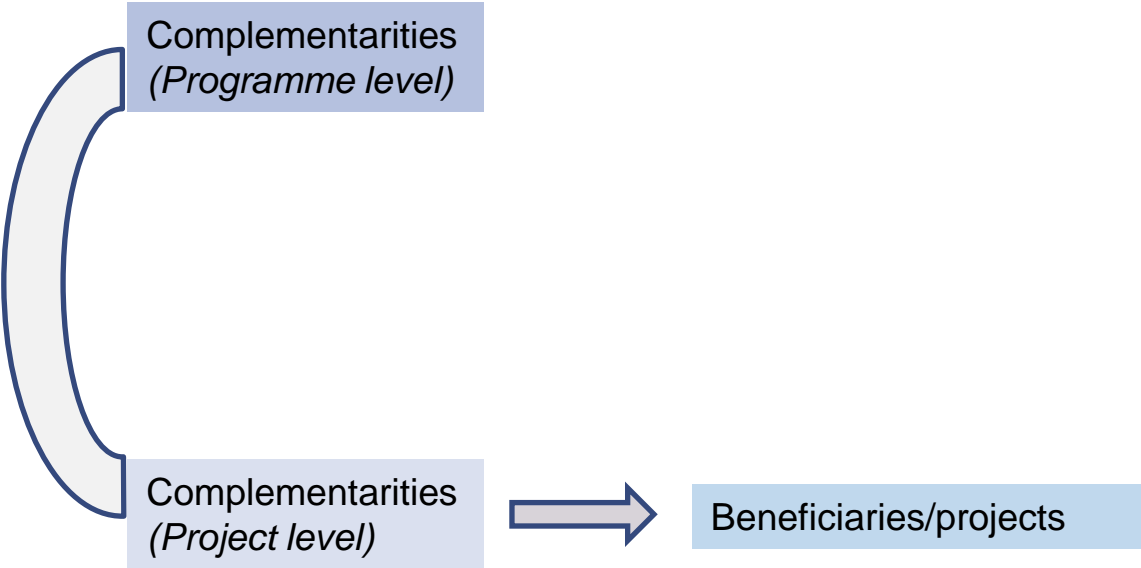

DISSEMINATION: EMBEDDING MODEL (DECEMBER 2021)

- Dissemination of the results
- Event opened to the larger public

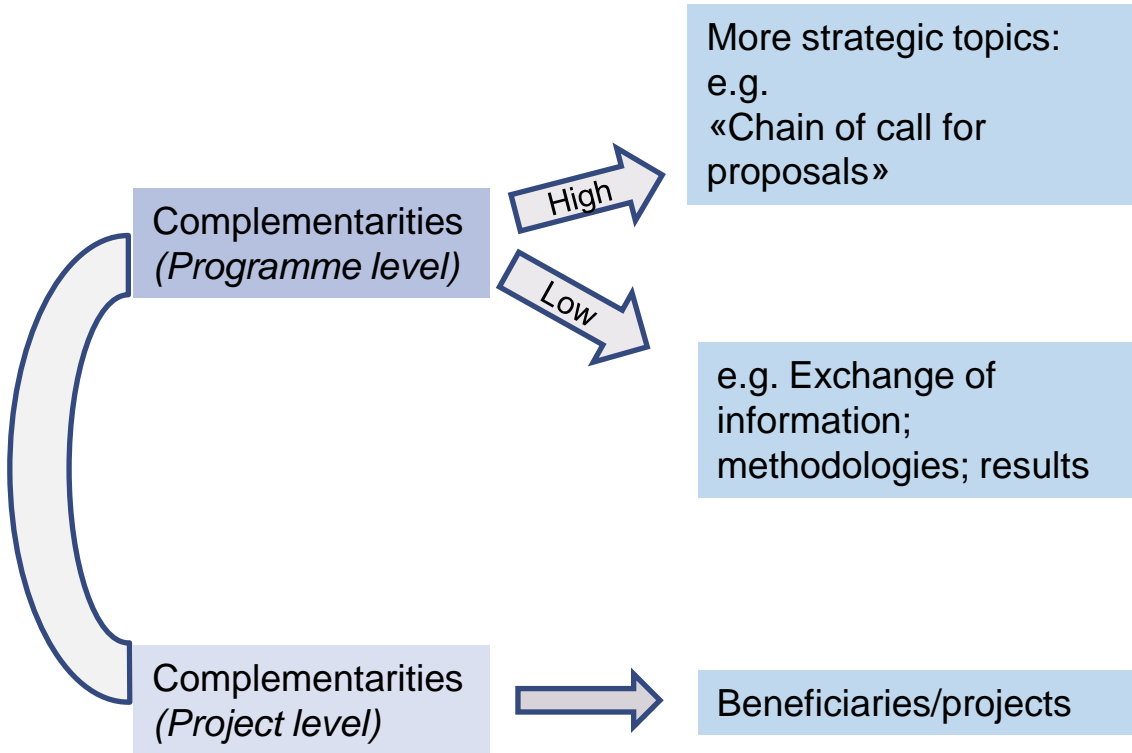

II ACTION LAB: WHAT? WHAT PATTERNS OF COOPERATION ARE EMERGING?

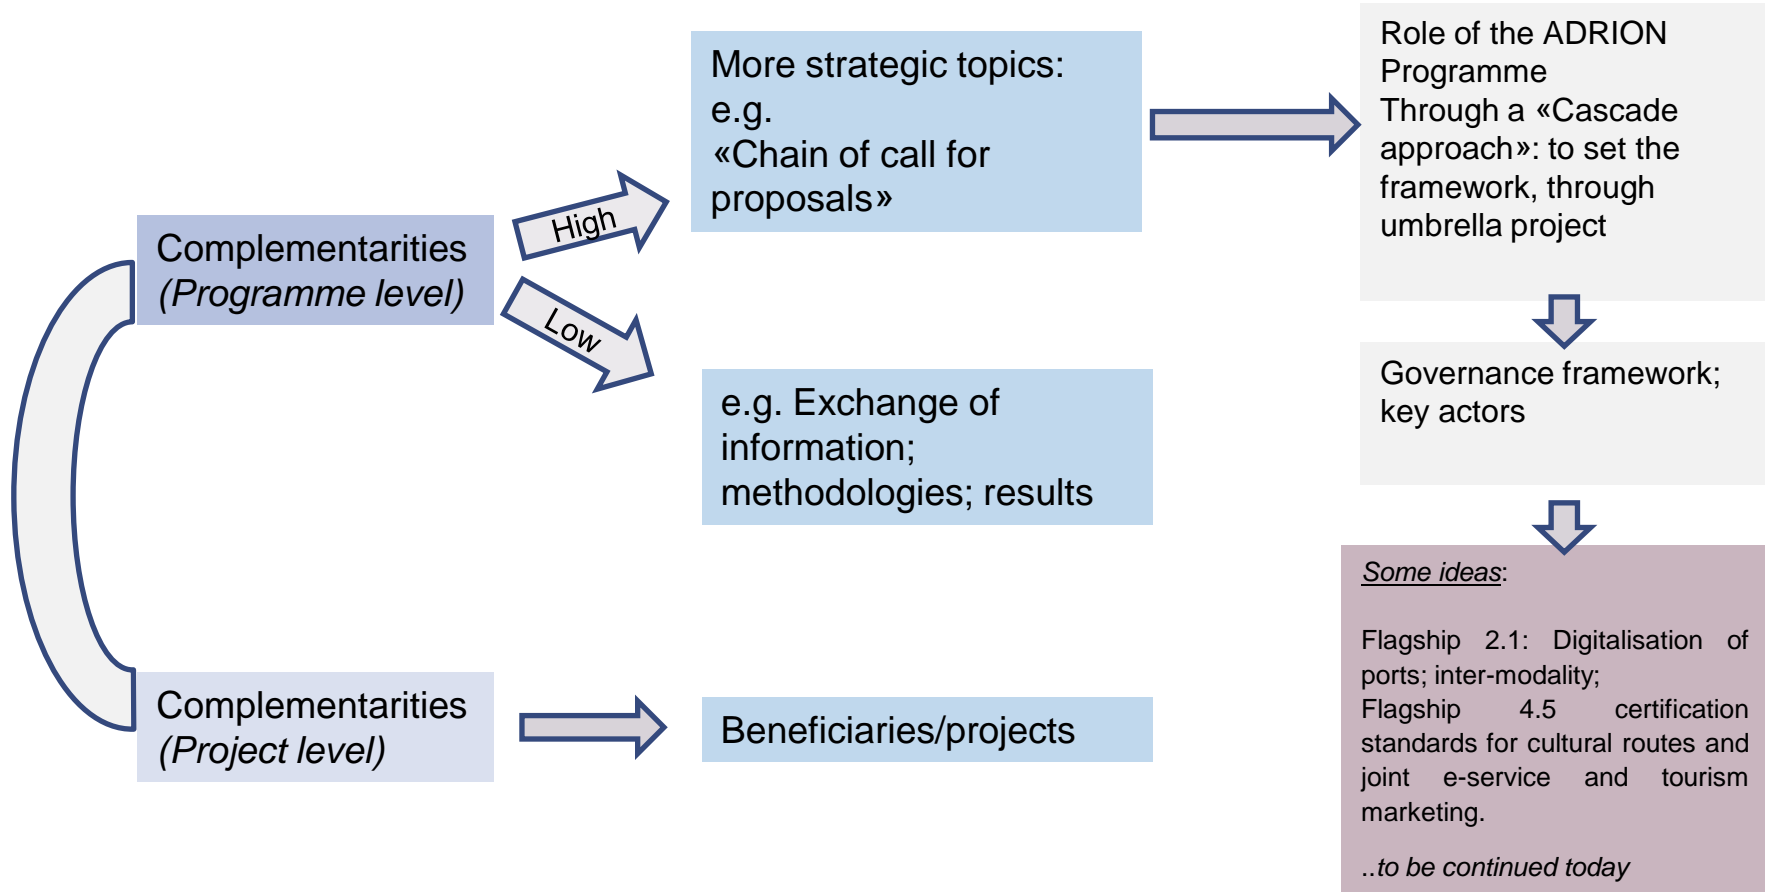

II ACTION LAB: SO, WHAT? HOW TO MAKE COMPLEMENTARITIES OPERATIONAL?

II ACTION LAB: SO, WHAT? HOW TO MAKE COMPLEMENTARITIES OPERATIONAL?

II ACTION LAB: SO, WHAT? HOW TO MAKE COMPLEMENTARITIES OPERATIONAL?

II ACTION LAB : NOW, WHAT?...WHAT ACTIONS CAN SUPPORT COMPLEMENTARITIES?

- *Each flagship is not a pre-defined but an ongoing and collaborative process, that will be filled in with contents by the stakeholders: MAs and project's beneficiaries.*
- *Flagships are multi-programmes and multi-projects*
- **Towards Chains of projects:**
 - Identify topics;
 - Build a multi-programme framework;
 - Collaboration has to be ensured during the preparation of the calls; the implementation process, between programmes but also between projects (ongoing capitalisation);
 - Capitalisation of results.

II ACTION LAB : NOW, WHAT?...WHAT ACTIONS CAN SUPPORT COMPLEMENTARITIES?

<i>From the call to the selection of the operations</i>	Chain of projects: parallel/coordinated calls	Joint Call for proposals (example, ERA-NET)
Identification of the objectives/contents of the calls	Harmonised approach between programmes	Jointly defined and common to all the funding organisations
Text of the call for proposal/ToR	Different calls for proposals	One single text. The call is announced also by relevant funding organisations
Funding rules and eligibility criteria	Different funding rules and eligibility criteria	Different funding rules and eligibility criteria of the relevant funding organisation
Evaluation criteria	Different for each programme. Possibility to set up harmonised selection criteria to assess the contribution to the flagship (i.e bonus, extra points)	Common evaluation criteria
Selection process	Carried out by each programmes	Both centralised (joint committee) and decentralised to the single funding organisation
Final decision on funding	Taken by each programme	Taken by each funding organisation
Timing	Possibility to harmonise calendars of the calls	Single calendar

II ACTION LAB : NOW, WHAT?...PROPOSAL FOR A ROADMAP

ROAD MAP TOWARDS SYNERGIES

CHAIN OF PROJECTS for single type of action (one type of action for flagship!) identified as particularly strategic during the Action Labs

I) Setting up inter-programme working groups

II) Each programme will present to the TF the proposals on the Path toward coordination

III) Working group: Better identify the specificity of each programme; capitalisation of previous experience; common approach in preparing the calls for proposals/ToR through the involvement of stakeholders/key actors and TSG experts

IV) Community of practice between approved projects (during the implementation to allow the exchange of information; the implementation of joint activities; of joint events)

V) Capitalisation for ongoing projects (e.g. booklet of projects; joint events; peer reviews) for projects' results
